

# LAND PURCHASE CAMPAIGN OPEN HOUSE

Villa Academy is actively fundraising with the goal of purchasing a parcel of the land currently being sold by the Missionary Sisters of the Sacred Heart. This land, located directly east of the school property, has served as an important natural playground and living laboratory for students since the school's founding. With over \$2.2M pledged to date, Villa Academy is grateful that the community is rallying together to ensure access to this extraordinary urban green learning space for generations to come.

We enthusiastically welcome our esteemed community of neighbors to join us for a special open house event to discuss this historic endeavor. Hear from the school's leadership team and land task force to learn about this watershed moment for both Villa Academy and our greater community.
